I. ORGANIZATION

The Acclivity Mid Cap Multi-Style Fund (the "Mid Cap Fund") and Acclivity Small Cap Value Fund (the "Small Cap Fund") (each a "Fund," collectively the "Funds") are each a diversified series of shares of beneficial interest of Northern Lights Fund Trust II (the "Trust"), a statutory trust organized under the laws of the State of Delaware on August 26, 2010, and are registered under the Investment Company Act of 1940, as amended (the "1940 Act"), as open-end management investment companies. The inception date of the Mid Cap Fund was December 31, 2019, and the Mid Cap Fund commenced operations on January 2, 2020. The inception date of the Small Cap Fund was December 31, 2018, and the Small Cap Fund commenced operations on January 2, 2019. The Funds seek long term capital appreciation.

The Funds currently offer Class I shares and Class N shares. Class I and Class N shares are offered at net asset value without an initial sales charge. Class N shares are subject to a 0.25% Rule I2b-I distribution and shareholder servicing fee. Each class represents an interest in the same assets of a Fund and classes are identical except for differences in ongoing service and distribution charges. All classes of shares have equal voting privileges except that each class has exclusive voting rights with respect to its shareholder service and/or distribution plans.

2. SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of significant accounting policies followed by the Funds in preparation of their financial statements. The policies are in conformity with accounting principles generally accepted in the United States of America ("GAAP"). The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of income and expenses for the period. Actual results could differ from those estimates. The Funds are each an investment company and accordingly follow the investment company accounting and reporting guidance of the Financial Accounting Standards Board ("FASB") Accounting Standard Codification Topic 946 "Financial Services – Investment Companies".

Operating Segments - The Funds have adopted Financial Accounting Standards Board ("FASB") Accounting Standards Update 2023-07, Segment Reporting (Topic 280) - Improvements to Reportable Segment Disclosures ("ASU 2023-07"). Adoption of the standard impacted financial statement disclosures only and did not affect each Fund's financial position or the results of its operations. An operating segment is defined in Topic 280 as a component of a public entity that engages in business activities from which it may recognize revenues and incur expenses, has operating results that are regularly reviewed by the public entity's chief operating decision maker ("CODM") to make decisions about resources to be allocated to the segment and assess its performance, and has discrete financial information available. The CODM is comprised of the portfolio manager and Chief Financial Officer of the Funds. Each Fund operates as a single operating segment. Each Fund's income, expenses, assets, changes in net assets resulting from operations and performance are regularly monitored and assessed as a whole by the CODM responsible for oversight functions of each Fund, using the information presented in the financial statements and financial highlights.

Security Valuation – Securities listed on an exchange are valued at the last reported sale price at the close of the regular trading session of the primary exchange on the business day the value is being determined, or in the case of securities listed on NASDAQ at the NASDAQ Official Closing Price ("NOCP"). In the absence of a sale, such securities shall be valued at the mean between the current bid and ask prices on the day of valuation. Investments valued in currencies other than the U.S. dollar are converted to U.S. dollars using exchange rates obtained from pricing services. Short-term debt obligations having 60 days or less remaining until maturity, at time of purchase, may be valued at amortized cost.

The Funds may hold securities, such as private investments, interests in commodity pools, other non-traded securities or temporarily illiquid securities, for which market quotations are not readily available or are determined to be unreliable. These securities are valued using the "fair value" procedures approved by the Board. The Board has designated the adviser as its valuation designee (the "Valuation Designee") to execute these procedures. The Board may also enlist third party consultants such as valuation specialist at a public accounting firm, valuation consultant or financial officer of a security issuer on an as-needed basis to assist the Valuation Designee in determining a security-specific fair value. The Board is responsible for reviewing and approving fair value methodologies utilized by the Valuation Designee, approval of which shall be based upon whether the Valuation Designee followed the valuation procedures established by the Board.

Fair Valuation Process - The applicable investments are valued by the Valuation Designee pursuant to valuation procedures established by the Board. For example, fair value determinations are required for the following securities: (i) securities for which market quotations are insufficient or not readily available on a particular business day (including securities for which there is a short and temporary lapse in the provision of a price by the regular pricing source); (ii) securities for which, in the judgment of the Valuation Designee, the prices or values available do not represent the fair value of the instrument; factors which may cause the Valuation Designee to make such a judgment include, but are not limited to, the following: only a bid price or an asked price is available; the spread between bid and asked prices is substantial; the frequency of sales; the thinness of the market; the size of reported trades; and actions of the securities markets, such as the suspension or limitation of trading; (iii) securities determined to be illiquid; and (iv) securities with respect to which an event that affects the value thereof has occurred (a "significant event") since the closing prices were established on the principal exchange on which they are traded, but prior to a Fund's calculation of its net asset value. Specifically, interests in commodity pools or managed futures pools are valued on a daily basis by reference to the closing market prices of each futures contract or other asset held by a pool, as adjusted for pool expenses. Restricted or illiquid securities, such as private investments or non-traded securities are valued based upon the current bid for the security from two or more independent dealers or other parties reasonably familiar with the facts and circumstances of the security (who should take into consideration all relevant factors as may be appropriate under the circumstances). If a current bid from such independent dealers or other independent parties is unavailable, the Valuation Designee shall determine the fair value of such security using the following factors: (i) the type of security; (ii) the cost at date of purchase; (iii) the size and nature of the Fund's holdings; (iv) the discount from market value of unrestricted securities of the same class at the time of purchase and subsequent thereto; (v) information as to any transactions or offers with respect to the security; (vi) the nature and duration of restrictions on disposition of the security and the existence of any

registration rights; (vii) how the yield of the security compares to similar securities of companies of similar or equal creditworthiness; (viii) the level of recent trades of similar or comparable securities; (ix) the liquidity characteristics of the security; (x) current market conditions; and (xi) the market value of any securities into which the security is convertible or exchangeable.

Each Fund utilizes various methods to measure fair value of all of its investments on a recurring basis. GAAP establishes the hierarchy that prioritizes inputs to valuation methods. The three levels of input are:

Level I – Unadjusted quoted prices in active markets for identical assets and liabilities that each Fund has the ability to access.

Level 2 — Observable inputs other than quoted prices included in Level I that are observable for the asset or liability, either directly or indirectly. These inputs may include quoted prices for the identical instrument in an inactive market, prices for similar instruments, interest rates, prepayment speeds, credit risk, yield curves, default rates and similar data.

Level 3 – Unobservable inputs for the asset or liability, to the extent relevant observable inputs are not available, representing a Fund's own assumptions about the assumptions a market participant would use in valuing the asset or liability, and would be based on the best information available.

The availability of observable inputs can vary from security to security and is affected by a wide variety of factors, including, for example, the type of security, whether the security is new and not yet established in the marketplace, the liquidity of markets, and other characteristics particular to the security. To the extent that valuation is based on models or inputs that are less observable or unobservable in the market, the determination of fair value requires more judgment. Accordingly, the degree of judgment exercised in determining fair value is greatest for instruments categorized in Level 3.

The inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, for disclosure purposes, the level in the fair value hierarchy within which the fair value measurement falls in its entirety, is determined based on the lowest level input that is significant to the fair value measurement in its entirety.

The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The following tables summarize the inputs used as of December 31, 2024 for each Fund's assets measured at fair value:

Security Transactions and Related Income – Security transactions are accounted for on trade date. Interest income is recognized on an accrual basis. Discounts are accreted and premiums are amortized on securities purchased over the lives of the respective securities. Dividend income is recorded on the ex-dividend date. Realized gains or losses from sales of securities are determined by comparing the identified cost of the security lot sold with the net sales proceeds. Each Fund's income, expenses (other than class specific distribution fees) and realized and unrealized gains and losses are allocated proportionately each day based upon the relative net assets of each class.

Dividends and Distributions to Shareholders – Dividends from net investment income, if any, are declared and paid annually. Distributable net realized capital gains, if any, are declared and distributed annually in December. Dividends from net investment income and distributions from net realized gains are determined in accordance with federal income tax regulations, which may differ from GAAP. These "book/tax" differences are considered either temporary (i.e., deferred losses) or permanent in nature. To the extent these differences are permanent in nature, such amounts are reclassified within the composition of net assets based on their Federal tax-basis treatment; temporary differences do not require reclassification. Dividends and distributions to shareholders are recorded on ex-dividend date.

Federal Income Taxes – Each Fund intends to continue to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies and to distribute all of their taxable income to their shareholders. Therefore, no provision for federal income tax is required. The Funds recognize the tax benefits of uncertain tax positions only where the position is "more likely than not" to be sustained assuming examination by tax authorities. Management has analyzed each Fund's tax positions and has concluded that no liability for unrecognized tax benefits should be recorded related to uncertain tax positions taken on returns filed for open tax years December 31, 2021-December 31, 2023 year end, or expected to be taken in the Funds' December 31, 2024 tax returns. Each Fund has identified its major tax jurisdictions as U.S. Federal, Ohio, and foreign jurisdictions where the Funds make significant investments. The Funds are not aware of any tax positions for which it is reasonably possible that the total amounts of unrecognized tax benefits will change materially in

the next twelve months.

Expenses – Expenses of the Trust that are directly identifiable to a specific fund are charged to that fund. Expenses, which are not readily identifiable to a specific fund, are allocated in such a manner as deemed equitable, taking into consideration the nature and type of expense and the relative sizes of the funds in the Trust.

Indemnification – The Trust indemnifies its officers and Trustees for certain liabilities that may arise from the performance of their duties to the Trust. Additionally, in the normal course of business, the Funds enter into contracts that contain a variety of representations and warranties and which provide general indemnities. Each Fund's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against a Fund that have not yet occurred. However, based on experience, the Funds expect the risk of loss due to these warranties and indemnities to be remote.

3. INVESTMENT TRANSACTIONS

For the year ended December 31, 2024, cost of purchases and proceeds from sales of portfolio securities, other than short-term investments, amounted to:

]	<u>Purchases</u>	<u>Sales</u>		
Mid Cap	\$	6,043,663	\$ 3,327,277		
Small Cap		41,304,571	33,094,317		

4. SECURITIES LENDING

The Funds have entered into a securities lending arrangement with U.S. Bank National Association (the "Borrower"). Under the terms of the agreement, the Funds were authorized to loan securities to the Borrower. In exchange, the Funds received cash collateral in the amount of at least 102% of the value of the securities loaned. Securities lending income is disclosed in the Funds' Statements of Operations. Although risk was mitigated by the collateral, the Funds could have experienced a delay in recovering their securities and possible loss of income or value if the Borrower failed to return such securities on loan.

Gain or loss in the fair value of securities loaned that may occur during the term of the loan will be recognized by the Funds. The Funds have the right under the securities lending agreement to recover the securities from the Borrower on demand. If the fair value of the collateral falls below 102% plus accrued interest of the loaned securities, the lender's agent shall request additional collateral from the Borrower to bring the collateralization back to 102%. Under the terms of the securities lending agreement, the Funds are indemnified for such losses by the security lending agreement. Should the borrower of the securities fail financially, the Funds have the right to repurchase the securities using the collateral in the open market.

5. INVESTMENT ADVISORY AGREEMENT AND TRANSACTIONS WITH RELATED PARTIES

Innealta Capital, LLC (the "Adviser") serves as investment adviser to the Funds. Pursuant to an Advisory Agreement with the Funds, the Adviser, under the oversight of the Board, directs the daily operations of the Funds and supervises the performance of administrative and professional services provided by others. The Funds pay the Adviser a management fee at an annual rate of 0.35% and 0.39% of the Mid Cap Fund's and Small Cap Fund's average daily net assets, respectively. For the year ended December 31, 2024, the Adviser earned \$11,877 and \$134,704 from the Mid Cap Fund and Small Cap Fund, respectively

Pursuant to a written contract (the "Waiver Agreement"), the Adviser has agreed, at least until April 30, 2026, to waive a portion of its advisory fee and has agreed to reimburse each Fund for other expenses to the extent necessary so that the total expenses incurred by each Fund (excluding any front-end or contingent deferred sales loads, brokerage fees and commissions, acquired fund fees and expenses, borrowing costs (such as interest and dividend expense on securities sold short), taxes and extraordinary expenses such as litigation) do not exceed 0.44% and 0.69% for Class I and Class N shares of the Mid Cap Fund, respectively, and 0.48% and 0.73% for Class I and Class N shares of the Small Cap Fund, respectively.

If the Adviser waives any fee or reimburses any expenses pursuant to the Waiver Agreement for a Fund, and a Fund's operating expenses are subsequently lower than its respective expense limitation, the Adviser shall be entitled to reimbursement by a Fund provided that such reimbursement does not cause a Fund's operating expenses to exceed its expense limitation. If a Fund's operating expenses subsequently exceed its expense limitation, the reimbursements for a Fund shall be suspended. The Adviser may seek reimbursement only for expenses waived or paid by it during the rolling three years prior to such reimbursement; provided, however, that such expenses may only be reimbursed to the extent they were waived or paid after the date of the Waiver Agreement (or any similar agreement). The Board may terminate this expense reimbursement arrangement at any time. For the year ended December 31, 2024, the Adviser waived advisory fees and reimbursed the Mid Cap Fund and Small Cap Fund for expenses in the amounts of \$148,928 and \$193,322 respectively.

The following amounts are subject to recapture by the Funds by the following date:

	12	/31/2025	12	/31/2026	12/31/2027		
Mid Cap	\$	139,862	\$	145,240	\$	148,928	
Small Cap	\$	182,812	\$	206,945	\$	193,322	

As of December 31, 2024, \$142,515 and 161,991 in waived fees expired unrecouped for the Mid Cap Fund and Small Cap Fund, respectively.

<u>Distributor</u> - The distributor for the Funds is Northern Lights Distributors, LLC (the "Distributor"). The Board has adopted the Trust's Master Distribution and Shareholder Servicing Plans for Class N shares (the "Plan") pursuant to Rule 12b-I under the 1940 Act to pay for ongoing distribution-related activities or shareholder services. Under the Plan, the Funds are permitted to pay a fee at an annual rate of 0.25% of the average daily net assets of Class N shares. For the year ended December 31, 2024, pursuant to the Class N Plan, the Mid Cap Fund and Small Cap Fund incurred \$0 and \$21 in 12b-I fees, respectively.

The Distributor acts as the Funds' principal underwriter in a continuous public offering of each Fund's shares. For the year ended December 31, 2024, the Funds did not pay the Distributor any underwriting fees.

In addition, certain affiliates of the Distributor provide services to the Funds as follows:

<u>Ultimus Fund Solutions, LLC ("UFS")</u> – UFS, an affiliate of the Distributor, provides administration, fund accounting, and transfer agent services to the Trust. Pursuant to separate servicing agreements with UFS, the Funds pay UFS customary fees for providing administration, fund accounting, and transfer agency services to the Funds. Certain officers of the Trust are also officers of UFS and are not paid any fees directly by the Funds for serving in such capacities.

Northern Lights Compliance Services, LLC ("NLCS") – NLCS, an affiliate of UFS and the Distributor, provides a Chief Compliance Officer to the Trust, as well as related compliance services, pursuant to a consulting agreement between NLCS and the Trust. Under the terms of such agreement, NLCS receives customary fees from the Funds.

<u>Blu Giant, LLC ("Blu Giant")</u> – Blu Giant, an affiliate of UFS and the Distributor, provides EDGAR conversion and filing services as well as print management services for the Funds on an ad-hoc basis. For the provision of these services, Blu Giant receives customary fees from the Funds.

6. AGGREGATE UNREALIZED APPRECIATION AND DEPRECIATION - TAX BASIS

The identified cost of investments in securities owned by each Fund for federal income tax purposes, and its respective gross unrealized appreciation and depreciation at December 31, 2024, were as follows:

	Tax	Gros	ss Unrealized	Gros	s Unrealized	Net	Unrealized
	Cost	Αŗ	preciation	Depreciation		Αp	preciation
Mid Cap Fund	\$ 5,236,134	\$	536,439	\$	(137,611)	\$	398,828
Small Cap Fund	43,454,982		5,370,553		(2,647,557)		2,722,996

7. SHAREHOLDERS & TAX COMPONENTS OF CAPITAL

The tax character of fund distributions paid for the year ended December 31, 2024, and December 31, 2023, was as follows:

For fiscal year ended	Ordinary		Lo	ng-Term	Exempt	Return of Capital		
12/31/2024	ı	Income		oital Gains	Income			Total
Mid Cap Fund	\$	143,898	\$	45,687	-	\$	-	\$ 189,585
Small Cap Fund		874,538		1,724,760	-		-	2,599,298
For fiscal year ended	C	rdinary	Lo	ng-Term	Exempt	Ret	urn of	
12/31/2023	ı	ncome	Ca	oital Gains	Income	Ca	pital	Total
Mid Cap Fund	\$	8,54 l	\$	-	-	\$	-	\$ 8,541
Small Cap Fund		251,554		12,792	-		-	264,346

As of December 31, 2024, the components of accumulated earnings/(deficit) on a tax basis were as follows:

	Undistributed Ordinary Income		Undistributed Long-Term Capital Gains		Post October Loss and Late Year Loss		Capital Loss Carry Forwards		Other Book/Tax Differences		Unrealized Appreciation/ (Depreciation)		Total Accumulated Earnings/(Deficits)	
Mid Cap Fund	\$	69,776	\$	3,810	\$	-	\$	-	\$	-	\$	398,828	\$	472,414
Small Cap Fund		691,590		-		-		-		-		2,722,996		3,414,586

The difference between book basis and tax basis undistributed net investment income/(loss), accumulated net realized gain/(loss), and unrealized appreciation/(depreciation) from investments is primarily attributable to the tax deferral of losses on wash sales, adjustments for partnerships, and C-Corporation return of capital distributions.

At December 31, 2024, the Funds had no capital loss carry forwards for federal income tax purposes available to offset future capital gains. Capital loss carryforwards utilized was as follows:

Non-Expiring										
	Expiring		Short-Term		Long-Term		Total		CLCF Utilized	
Mid Cap Fund	\$	-	\$	-	\$	-	\$	-	\$	33,754
Small Cap Fund		-		-		-		-		-

During the fiscal year ended December 31, 2024, certain of the Funds utilized tax equalization which is the use of earnings and profits distributions to shareholders on redemption of shares as part of the dividends paid deduction for income tax purposes. Permanent book and tax differences, primarily attributable to the book/tax basis treatment adjustments for use of tax equalization credits, resulted in reclassifications for the Funds for the fiscal year ended December 31, 2024, as follows:

	Paid In	Accumulated				
Mid Cap Fund	\$ Capital -	\$	ings (Losses)			
Small Cap Fund	501,647		(501,647)			

8. CONTROL OWNERSHIP

The beneficial ownership, either directly or indirectly, of more than 25% of the voting securities of a Fund creates presumption of control of the Fund, under Section 2(a)(9) of the 1940 Act. As of December 31, 2024, beneficial ownership in excess of 25% for the Funds is as follows:

		% of	
		Outstanding	
	Beneficial Owner	Shares	
Mid Cap Fund	National Financial Services, LLC	43%	
•	Innealta Capital, LLC	27%	
	Riomaggiore Investments, LLC	28%	
Small Cap Fund	National Financial Services, LLC	39%	
-	Charles Schwab & Co.	27%	

The Trust has no knowledge as to whether all or any portion of the shares owned of record are also owned beneficially.

9. SUBSEQUENT EVENTS

Subsequent events after the date of the Statements of Assets and Liabilities have been evaluated through the date the financial statements were issued. Management has determined that no events or transactions occurred requiring adjustment or disclosure in the financial statements.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Shareholders of Acclivity Mid Cap Multi-Style Fund and Acclivity Small Cap Value Fund and Board of Trustees of Northern Lights Fund Trust II

Opinion on the Financial Statements

We have audited the accompanying statements of assets and liabilities, including the schedules of investments, of Acclivity Mid Cap Multi-Style Fund and Acclivity Small Cap Value Fund (the "Funds"), each a series of the Northern Lights Fund Trust II, as of December 31, 2024, the related statements of operations for the year then ended, the statements of changes in net assets and the financial highlights for each of the two years in the period then ended, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of the Funds as of December 31, 2024, the results of their operations for the year then ended, the changes in net assets and the financial highlights for each of the two years in the period then ended, in conformity with accounting principles generally accepted in the United States of America.

The Funds' financial highlights for the years ended December 31, 2022, and prior, were audited by other auditors whose report dated March 1, 2023, expressed an unqualified opinion on those financial highlights.

Basis for Opinion

These financial statements are the responsibility of the Funds' management. Our responsibility is to express an opinion on the Funds' financial statements based on our audits. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to the Funds in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audits in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement whether due to error or fraud.

Our audits included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our procedures included confirmation of securities owned as of December 31, 2024, by correspondence with the custodian and brokers. Our audits also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audits provide a reasonable basis for our opinion.

We have served as the Funds' auditor since 2023.

Statement Regarding Basis for Approval of Investment Advisory Agreement (Unaudited)

FACTORS CONSIDERED BY THE TRUSTEES IN THE APPROVAL OF THE RENEWAL OF THE INVESTMENT ADVISORY AGREEMENT

At a Regular meeting (the "Meeting") of the Board of Trustees (the "Board") of Northern Lights Fund Trust II (the "Trust") held on October 15, 2024, the Board, including the disinterested Trustees (the "Independent Trustees"), considered the renewal of the Investment Advisory Agreement between the Trust, on behalf of the Acclivity Mid Cap Multi-Style Fund ("Acclivity Mid-Cap") and the Acclivity Small Cap Value Fund ("Acclivity Small Cap Value", and collectively with Acclivity Mid-Cap, the "Acclivity Funds") and Innealta Capital, LLC ("Innealta") (the "Innealta Advisory Agreement").

Based on their evaluation of the information provided by Innealta in conjunction with Acclivity Small Cap Value's and Acclivity' Mid-Cap's other service providers, the Board, by a unanimous vote (including a separate vote of the Independent Trustees), approved the renewal of the Innealta Advisory Agreement with respect to Acclivity Small Cap Value and Acclivity Mid-Cap.

In advance of the Meeting, the Board requested and received materials to assist them in considering the renewal of the Innealta Advisory Agreement. The materials provided contained information with respect to the factors enumerated below, including the Innealta Advisory Agreement, a memorandum prepared by the Trust's outside legal counsel discussing in detail the Trustees' fiduciary obligations and the factors they should assess in considering the continuation of the Innealta Advisory Agreement and comparative information relating to the advisory fee and other expenses of Acclivity Small Cap Value and Acclivity Mid-Cap. The materials also included due diligence materials relating to Innealta (including due diligence questionnaires completed by Innealta, select financial information of Innealta, bibliographic information regarding Innealta's key management and investment advisory personnel, and comparative fee information relating to Acclivity Small Cap Value and Acclivity Mid-Cap) and other pertinent information. At the Meeting, the Independent Trustees were advised by counsel that is experienced in Investment Company Act of 1940 matters and that is independent of fund management and met with such counsel separately from fund management.

Acclivity Funds ADDITIONAL INFORMATION (Unaudited)(Continued) December 31, 2024

The Board reviewed and discussed the written materials that were provided in advance of the Meeting and deliberated on the renewal of the Innealta Advisory Agreement with respect to Acclivity Small Cap Value and Acclivity Mid-Cap. The Board relied upon the advice of independent legal counsel and their own business judgment in determining the material factors to be considered in evaluating the Innealta Advisory Agreement and the weight to be given to each such factor. The conclusions reached by the Board were based on a comprehensive evaluation of all of the information provided and were not the result of any one factor. Moreover, each Trustee may have afforded different weight to the various factors in reaching his conclusions with respect to the Innealta Advisory Agreement. In considering the approval of the renewal of the Innealta Advisory Agreement, the Board reviewed and analyzed various factors that they determined were relevant, including the factors enumerated below.

Nature, Extent and Quality of Services. The Board then reviewed materials provided by Innealta related to the approval of the proposed renewal of the Innealta Advisory Agreement, including Innealta's Form ADV and related schedules, a description of the manner in which investment decisions are made and executed, a review of the personnel performing services for each ofthe Acclivity Funds, including the team of individuals that primarily monitor and execute the investment process. The Board discussed Innealta's research capabilities, the quality of Innealta's compliance infrastructure and the experience of its management personnel. Additionally, the Board received satisfactory responses from the representative of Innealta with respect to a series of important questions, including: whether Innealta was involved in any lawsuits or pending regulatory actions; whether the management of other accounts would conflict with its management of the Acclivity Small Cap Value and the Acclivity Mid-Cap,; whether there were procedures in place to adequately allocate trades among Innealta's clients; and whether Innealta's CCO would routinely review the portfolio managers' performance of their duties to ensure compliance under Innealta's compliance program. The Board also reviewed the information provided on the practices for monitoring compliance with each of Acclivity Small Cap Value and Acclivity Mid-Cap's investment limitations. The Board also discussed details of Innealta's compliance program with the CCO of the Trust. The Board noted that the CCO of the Trust continued to represent that Innealta's policies and procedures were reasonably designed to prevent violations of applicable federal securities laws. The Board also noted Innealta's representation that the prospectus and statement of additional information for Acclivity Small Cap Value and Acclivity Mid-Cap accurately describe such Fund's investment strategies. The Board then reviewed the capitalization of Innealta based on financial information provided, and representations made, by Innealta and its representatives, and concluded that Innealta was sufficiently well-capitalized, or that Innealta's owners had the ability to make additional contributions, in order to meet its obligations to each of Acclivity Small Cap Value and Acclivity Mid-Cap. The Board concluded that Innealta had sufficient quality and depth of personnel, resources, investment methods and compliance policies and procedures essential to performing its duties under the Innealta Advisory Agreement and that the nature, overall quality and extent of the management services to be provided by Innealta to each of Acclivity Small Cap Value and Acclivity Mid-Cap were satisfactory.

Performance. The Board then discussed the reports prepared by Broadridge and reviewed the performance of the Acclivity Small Cap Value and Acclivity Mid-Cap for the one-year, three-year, five-year and since inception periods ended September 30, 2024. With respect to Acclivity Small Cap Value, the Board noted that Acclivity Small Cap Value underperformed its peer group median, Morningstar category median and benchmarks (the S&P 500 Total Return Index and Russell 2000 Value TR Index) for the one-year period, outperformed the peer group median, Morningstar category median and Russell 2000 Value Index, but underperformed the S&P 500 Total Return Index for the three-year, five-year and since inception periods. With respect to Acclivity Mid-Cap, the Board noted that Acclivity Mid-Cap outperformed the peer group median, Morningstar category median (Mid-Cap blend category) and Russell Mid Cap Value TR Index, but underperformed the S&P 500 Total Return Index for the one-year, three-year, and since inception periods. The Board noted the portfolio managers' ability to manage risk. After further discussion, the Board concluded that each of Acclivity Mid-Cap and Acclivity Small Cap Value's past performance was acceptable and generally in line with its risk level.

Fees and Expenses. As to the costs of the services to be provided by Innealta, the Board reviewed and discussed each of Acclivity Small Cap Value and Acclivity Mid-Cap, advisory fee and total operating expenses as compared to its respective peer group and Morningstar category as presented in the Broadridge Report. The Board reviewed the contractual arrangements, noting that Innealta charges an advisory fee at an annual rate of 0.39% and 0.35% of the average daily net assets of Acclivity Small Cap Value and Acclivity Mid-Cap, respectively, under the Innealta Advisory Agreement. The Board noted the advisory fee for Acclivity Small Cap Value and Acclivity Mid-Cap was significantly lower than the peer group median and Morningstar category median. The Board also reviewed the net expenses for each of Acclivity Small Cap Value and Acclivity Mid-Cap as compared to its peer group and Morningstar category. The Board then reviewed the Operating Expenses Limitation Agreement noting that Innealta had agreed to waive or limit its advisory fee and/or reimburse expenses at least until April 30, 2026, in order to limit net annual operating expenses, exclusive of certain fees, so as not to exceed 0.48% and 0.73% of Acclivity Small Cap Value's average net assets for Class I and Class N shares, respectively, and 0.44% and 0.69% of Acclivity Mid-Cap's average net assets for Class I and Class N shares, respectively, and found such arrangements to be beneficial to shareholders. The Board concluded that, based on Innealta's experience, expertise and services provided to each of Acclivity Small Cap Value and Acclivity Mid-Cap, the advisory fee charged by Innealta for each of Acclivity Small Cap Value and Acclivity Mid-Cap was not unreasonable.

Profitability. The Board also considered the level of profits that could be expected to accrue to Innealta with respect to each of Acclivity Small Cap Value and, Acclivity Mid-Cap based on profitability reports and analyses prepared by Innealta and reviewed by the Board and the selected financial information of Innealta provided by Innealta. After review and discussion, the Board concluded that the profit from Innealta's relationship with each of Acclivity Small Cap Value and Acclivity Mid-Cap was not excessive.

Economies of Scale. As to the extent to which each of Acclivity Small Cap Value and Acclivity Mid-Cap would realize economies of scale as it grew, and whether the fee levels reflect these economies of scale for the benefit of investors, the Board discussed the current size of each of Acclivity Small Cap Value and Acclivity Mid-Cap, and Innealta's expectations for growth, and concluded that any material economies of scale would likely not be achieved in the near term.

Conclusion. The Board relied upon the advice of counsel, and their own business judgment in determining the material factors to be considered in evaluating the Innealta Advisory Agreement and the weight to be given to each such factor. Accordingly, having requested and received such information from Innealta as the Board believed to be reasonably necessary to evaluate the terms of the Innealta Advisory Agreement, and as assisted by the advice of independent counsel, the Board, including a majority of the Independent Trustees voting separately, determined that with respect to each of the Acclivity Funds separately, (a) the terms of the Innealta Advisory Agreement are not unreasonable; (b) the investment advisory fee is not unreasonable; and (c) the Innealta Advisory Agreement is in the best interests of each of the Acclivity Funds and its shareholders. In considering the renewal of the Innealta Advisory Agreement, the Board did not identify any one factor as all important, but rather considered these factors collectively and determined that renewal of the Innealta Advisory Agreement was in the best interest of each of the Acclivity Funds and its shareholders. Moreover, the Board noted that each Trustee may have afforded different weight to the various factors in reaching his conclusions with respect to the Innealta Advisory Agreement.
